**OLAA ENDS 1912**  
**SEASON; TOTAL**  
**22,250 TONS**

Olao plantation finished grinding for the 1912 crop on Saturday Oct. 12. The shut-down of the mill became necessary on account of lack of water for fluming, and this leaves some 1,750 tons of sugar in fields that will be carried over to the next crop which will be handled by the new mill.

Dry weather has upset many of the calculations and expectations of Olao this year. The total crop for 1912 is 22,250 tons of sugar though at the beginning of the season there was reason to expect a much larger return.

Work has already begun on the installment of the new mill, a twelve roller with a diamond crusher which will handle the crop speedily and prevent the probability of weather intervening to stop harvesting as experienced this year. The new mill will be ready for the first of the year, when the first fields to be taken off will be those left over from the 1912 season. As this cane is on the higher levels of Olao the deterioration will be immaterial.

Mr. A. W. T. Bottomley of Bishop & Co. returned Saturday from a ten day's inspection of Olao plantation in company with Manager Watt and President Thurston.

**PRISONER MAY**  
**BE TONG MAN**

Letters found on Lee Hin Jon, the Chinaman held here on the charge of murdering Wong Fook on the Korea last Thursday night, indicate that the prisoner may be one of the men who was actively engaged in the tong war that broke out on the coast last spring and resulted in several killings, and as a result of this discovery U. S. District Attorney Breckons has cabled information to the authorities at San Francisco which may cause the apprehension of the actual murderers in that city, in Los Angeles and San Jose.

The communications found among the prisoner's effects seem to show that he is known in California under the name of Lee Yoke, and that he is a member of the See Yip Tong, which was at war with the Sing Hip Tong.

One communication, written in English by one of his companions and which apparently indicates the writer had killed one man and would shortly kill another in the interest of his tong, reads as follows:

"San Francisco, March 20.

"Mr. Lee Yoke—I have received your letter and am glad to hear that boys' has done fine shooting game in there. You know that—come out from San Jose. He tell him to go down to shoot down Toy Soon but he didn't do it. He miss it and then he came back to see us and then the man who take him along with him was very mad at him. Then he phone to Mr. — and tell him about the cold feet who didn't shoot the Son of a Gun, when — hear that it make him very mad of him so I think we will tell him to go back to San Jose to stay in with you. He no good for anything but crazy nothings good and the old man we take him down to — but he stay there one night and then the man—you know who it is but keep it in mind and he phone to tell him to go out and see him and then he was very drunk and he don't understand anything and he lost one more that make two in the same day. Well, I think our Tong are in bad luck we feel very sorry now I think I have to go again. Well, I think this time is a very hard time for me to do but I don't mind now to do another one more shooting but this time I think I will land in jail for it. If I get away this time I was very lucky for it and make everybody's feel very happy and glad for me. Hope you can make the boys catch those — Go to the court room some day and be sure to tell them to kill the Hip Tong men. Kill them all if you can do it please. Well, it is late I will give my best regards to you. All well. Goodnight. Wish to hear news from you soon.  
 Your friend,

The blanks left above are names that are withheld in the interest of justice. From the quantity of woman's clothing found in the prisoner's trunk it is thought a woman was accompanying him, but that she did not make her identity known, and has

continued on the Korea. The prisoner sent a cable to San Francisco Saturday, to a prominent member of the Chinatown of that city, saying he was held here for the murder of Wong Fook, and asking that \$500 be cabled to him here.

#### MESSAGE TO WORKING WOMEN

All women work; some in homes, some in church, some in the whirl of society, and in stores, offices and shops, tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All women, however, are subject to the same physical laws, and suffer alike from the same physical disturbances and weaknesses, peculiar to their sex. Every woman, no matter what her station in life, should remember that Lydia E. Pinkham's Vegetable Compound is the great remedy for female ills, in which she should place her trust.

**YOU** ought to wear ready-made clothes, instead of having your measure taken, and the clothes made for you. Because---

1. You'll get better clothes;
2. You'll save time;
